The Honorable Lee H. Hamilton
Chairman
Permanent Select Committee on Intelligence
House of Representatives
Washington, D. C. 20515

Dear Mr. Chairman:

Enclosed is our response to several questions raised during my briefing of 17 June. Specifically, I have included:

- An IEEW article analyzing the impact of economic sanctions on South Africa for you.
- A number of published articles assessing the impact of Chernobyl for Congressman Kastenmeier.
- A typescript on our allies' reaction to recent US statements about SALT II for Congressman Kastenmeier.
- An intelligence assessment on the oil market outlook in 1986 for Congressman Cheney.
- A paper on the Soviet economy for Congressman Brown.

We plan to address at our next HPSCI briefing questions raised by Congressman McEwen [redacted] and by Congressman Brown on how the US and Soviet space programs compare. Also, our Office of Congressional Affairs will be setting up a personal briefing for Congressman Brown [redacted]
